

Craig Leach Award MOSQUITOES MVP

Although the Mosquitoes brand had been in use since 1977 as a vehicle for the Australia Day Invitation Match between Casuarina and a Combined Darwin Team, it was not until the introduction of the Australian Rugby Shield in 2000 the Mosquito was adopted as the logo for NT Rugby's First XV.

In 2002 an award was inaugurated for the Most Valuable Player for the Mosquitoes as determined by the team's Management.
